PATHWAYS ACADEMY OF TECHNOLOGY AND DESIGN SCHOOL COMPACT

Vision

Pathways Academy of Technology & Design Magnet High School will empower its diverse community of students to become fully active participants in our global, technology-driven society. Students will acquire technological and critical thinking skills, and will develop a sense of personal and social responsibility that will enable them to successfully compete in the growing fast-paced, and rapidly changing world economy.

At Pathways we believe that for our students to fulfill our vision they must demonstrate Scholarship, Leadership, and Citizenship. By demonstrating this excellence, Pathways will be a school that is safe for all students, staff, and parents while providing an environment that fosters respect and support for the diversity of ideas, viewpoints, and learning styles that naturally occur in a multi-cultural setting.

Students who are successful at Pathways are those who want a college-preparatory education that strengthens core understandings and develops research, inquiry and problem solving skills in a technology focused programs. Successful students also have the encouragement and support of parents/guardians who value a secondary and post-secondary education.
